## Windows of Opportunity event— February 11th to March 26th

Join us on February 11th at the Windhover Center for the Arts as we kick off our opening night reception from 5 to 7 p.m. The evening will include live music by Daryl Rogers, a Meet & Greet the contributing Artists and Hors d'oeuvres along with the first chance at "BUY IT NOW" prices on the featured items. This exhibit runs through March 26th, then mark your calendars for the closing reception as it will feature both a live & silent auction from 5 to 8 p.m. The silent auction will include more original pieces, baskets and other surprises. We will again feature live music by singer/songwriter Daryl Rogers, offer hors d'oeuvres and a Meet & Greet the artists who put tremendous time and effort into their pieces for this years Windows of Opportunity event! The artists theme was to recycle, re-use or re-purpose donated or found items and create a one-of-a-kind piece. A majority of the artwork pieces were repurposed directly from our ReStore. Remember someone's gently used item can be another's coveted treasure or art piece!

Windows of Opportunity is a truly unique event to FDL and we are very fortunate to have such a wonderful group of talented artists who support this event and our superb art center—The Windhover.

"King of Summer" by Beth Campshure.

This fused glass window was fired 9 times in the process of taking it from a found cabinet door to this vibrant work of art.

Join us on February 11th at the opening event at the Windhover Center for the Arts for a 1st chance at **"BUY IT NOW" PRICING!**

We want to thank the artists who donated their time, talents & artwork to this event.

Without YOU this event would not have been possible!!

## Now More Than Ever...Help Build IT as your donation changes lives:

Gearing up for two house builds in 2011 is quite an exciting time here in the Habitat office. Although we are not physically building in the Winter, we are super busy with preparations. Many thanks to the Committee Members who are busy planning, meeting & organizing. Tasks include finalizing blueprints, gathering bids, volunteer recruitment, research and writing of grants along with ongoing fundraising. Call me to join one of these motivated teams, along with Wendy, our Volunteer of the Quarter (read more on Page 5).

**Now More Than Ever...Help Build IT** and take part in helping us build a house for those in need! Please consider making a donation to Habitat for Humanity of Fond du Lac Co. to help more low-income families build and purchase their own homes in our community. This chance at Habitat homeownership will impact many lives in a positive way and more importantly, the lives of their children. For them a stable home can make all the difference in the world.

Page 4 & 5—meet our 2011 approved partner families who are waiting patiently for the snow to melt so that they can begin building with us.

What Will You Build...Knowing that your donation can make a huge difference in the lives of other individuals is truly rewarding and can be life altering for all affected. Our partner families are truly humbled and appreciative throughout the entire Habitat process and realize just how fortunate they are to be offered this opportunity to build & own their own home. All made possible only with donations from our community (see Page 2— Cost of Materials).

If monetary donations are difficult for you, please consider donating your time, talents or providing a meal for the many volunteers as we head into the building of our 20th and 21st houses that will be built on Lake & Montana Street in FDL. Call me to discuss your donation possibilities. Blessings, Kathy—Executive Director

## **3rd Annual Windows of Opportunity March 26th—Join us for the closing exhibit reception and auction!**

Please join us on March 26th from 5 to 8 p.m. at the Windhover Center for the Arts as we close out our 3<sup>rd</sup> Annual Windows of Opportunity fundraising event. All proceeds from this event will benefit the two house builds this summer and more importantly will help to improve the lives of our low-income partner families in Fond du Lac County. Local artisans partnered again this year with Habitat to create, donate, and showcase their artistic talent re-purposing used windows, cabinet and bi-fold doors and more that had been donated to our Habitat Re-Store. To view the items that will be auctioned off on March 26th, visit the Café Gallery at the Windhover Center for the Arts during open hours or check out our website at [www.habitatfdl.org](http://www.habitatfdl.org). Windows of Opportunity's final auction and reception will be held March 26th from 5:00-8:00 p.m. with a fun-filled evening featuring Live and Silent Auctions, live music and hors d'oeuvres.

This re-purposed window was saved from a deconstruction project on 9th Street, Fond du Lac.

Let the sun shine through this beautiful one-of-a-kind exquisitely detailed hand-crafted widow by:

Scott Krueger.

Habitat is committed to building the quality of life, health and economic prosperity of the region by producing, preserving and advocating for affordable homeownership—because homes and families are the foundation of successful communities.

## Habitat Partner Family for 2011 — The Lee Family

Our family is originally from Laos, where we lived in the forest and on the mountain during the Vietnam War. Our family huts were built by our own hands and equipment. Aftermath at Vietnam War our family moved into the city at Phonsavanh, Xieng KHouang Laos.

In February 14, 2004 we were sponsored by Herr Tzong-Pao and Herr Shoua to come to the United States by refugee, for the first time. When we moved to FDL, we moved into a home from the city housing authority. We had low income housing and my mother and I working in minimum wage jobs.

Our family is very fortunate to have heard about Habitat for Humanity. To be picked for this year's "2011" house is indescribable happiness to us. Thank You! We are very grateful to Habitat for giving our family of five this opportunity, not only for a brand new house, but also the opportunity to learn what we need to do to be successful homeowners. We are grateful for the volunteers we have met so far. We are learning much about homeownership duties and have started on our sweat equity hours already. We are now looking forward to the actual house building as weather permits.

Back Row: Pao Lee, his wife Mai Xiong  
Front Row: Fong Lee, Tou Lee and Mao Herr

### **NOW MORE THAN EVER....HELP BUILD IT**

Habitat volunteers from all walks of life work to bridge the gap between families and homeownership.

There are many ways to get more involved—

Check out our website at: [www.habitatfdl.org](http://www.habitatfdl.org) for volunteer and donor opportunities

## **Habitat Partner Family for 2011 — The Hagen Family**

Michelle Hagen has been a single mother for three years and has wanted to provide a house and a stable future for her daughters for some time. After several rent increases and the possible sale of her rental home, Michelle decided to apply for home ownership with Habitat for Humanity. And while Habitat's generous "helping hand up" helps with Michelle's financial limitations, she appreciates the volunteer element of Habitat and how working together can help build her daughters' confidence. "Being chosen for a Habitat house is a blessing from the Lord", says Michelle, and she believes God's hand has been involved throughout the entire process. Michelle has been a hair stylist in the FDL area for 16 years and currently works at The Classic Cut. Her daughter, Taryn, is a freshman and is involved in soccer, cross country and hockey. Brea is in 4<sup>th</sup> grade and Reese is in 1<sup>st</sup> grade. Both enjoy activities offered through the Rec. Department. Michelle enjoys scrapbooking, reading, rummage sales and attending Bible studies at her church, Lighthouse Christian Church. Michelle shares an early Christmas story with us, "I read one of the Habitat children books "Raising the roof" to my girls and it was about the little boy who was building his own cardboard house while his parents were helping build a "real habitat home". Well, one of the Christmas gifts to my girls was a big cardboard playhouse that they could decorate. It was the perfect moment to let them open it early! We spent the evening decorating it and discussing our new Habitat opportunity. The girls are now calling it "Their Habitat House". It truly made this dream become more of a reality for us". Thank you for this once in a lifetime opportunity!

Left to right: Brea, Reese, Taryn and Michelle

## **Volunteer of the Quarter—Wendy Van Handel**

I am a recent MBA graduate of Walden University which I focused on Finance and Marketing. I also have a Bachelor of Science in Finance from Carroll University, Waukesha, WI. Currently I am seeking employment in the area of Finance. I am a member of Grace Reformed Church and was just recently married there to my husband. We have 3 boys ages 10, 13 and 15. I found Habitat when I was seeking out volunteer opportunities in the Fond du Lac area to contribute my knowledge of finance with a non-profit organization. I contacted the Volunteer Center of Fond du Lac and they had just received a request from the Habitat for Humanity office for a volunteer to assist them with their finances. I called Habitat immediately to set up a time to review their situation and meet Kathy. I was impressed with their mission and wanted to help make a difference in the community and signed up to offer my expertise immediately. I have been volunteering ever since. I jumped right in am now also the Co-Chair of the Finance Committee and help with day-to-day bookkeeping and reconciliations. It truly has been a blessing to help the families with home ownership and financial security in the Fond du Lac area. This nomination for Volunteer of the Quarter has also been a blessing.

Thank you for your recognition of my efforts over the past quarter. Sincerely, Wendy

## **From the Aisles of the ReStore Supervisor: Nancy Zompolas**

Cabin Fever setting in? We encourage you to begin your spring cleaning a bit early and donate your gently used items to our Fond du Lac ReStore. Looking for cabinets to finish off that basement or garage—we have a full set, or odds and ends and a variety of countertops to help in organizing any work space. We have also expanded our hardware aisle and are able to offer a wider variety of tools, many of which are specialized, including a Harrington 2 ton hoist. Interested in unique Antiques? Our selection continues to grow—stop in to check out the beautiful radio cabinet; a Saginaw Expando-Matic 72" dining table with the matching 4 leaves and table pads (this unit collapses down to the size of a small cabinet or extends to 108"), circa mid-1800's. Inventory changes weekly, hurry in to see all the great things we have! We welcome new donors and customers and thank our loyal and regular shoppers.

ReStore Hours: Wednesday 10-6; Thursday and Friday 10-5, Saturday 9-2. Donations accepted during store hours, - OR pickups can be arranged for a nominal donation. Call (920) 921-2893 for more information.
